

Abortion is an elective procedure that is **not** medically necessary

It's time to DEFUND elective ABORTION, and stop forcing Ontario taxpayers to fund a lifestyle choice that kills a child in her mother's womb.

Tell your member of provincial parliament (MPP) to delist abortion from OHIP

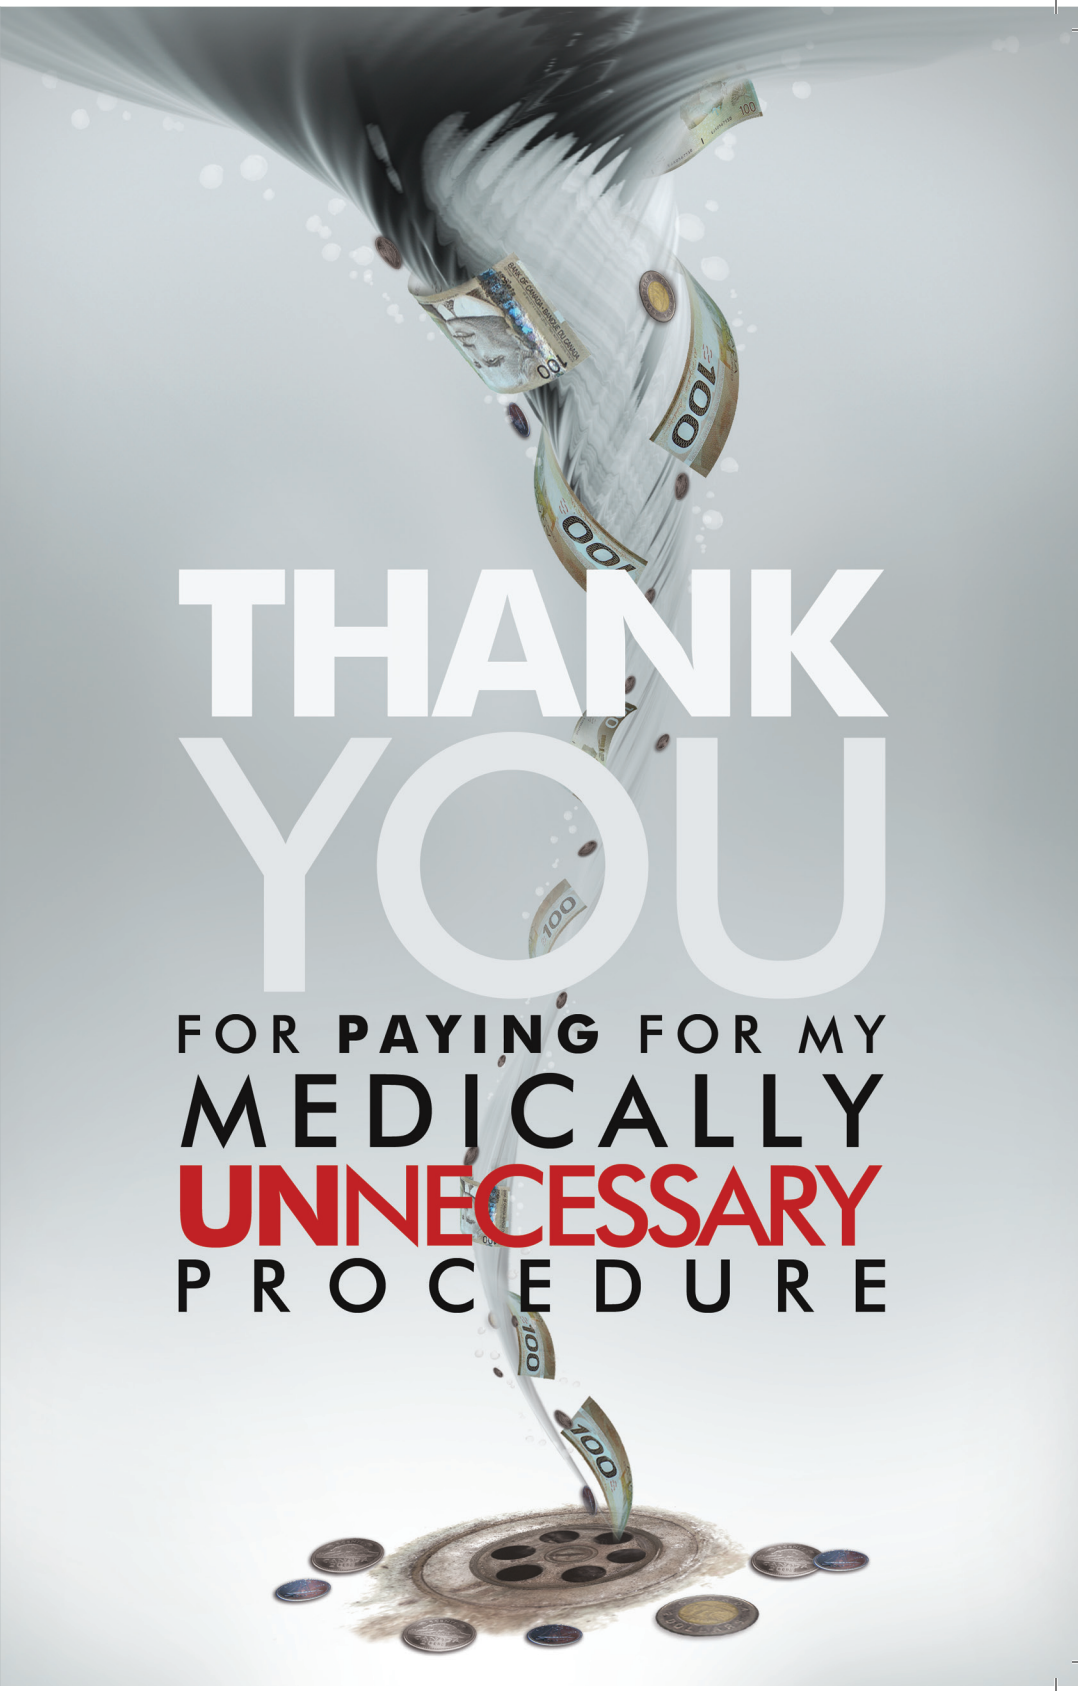

This pamphlet was produced by *Campaign Life Coalition Youth*, a national pro-life organization. We ask you to contact your elected MPP (below) and urge him to delist abortion from OHIP. Provincial legislature has that power and it's up to citizens to ask them to do so.

Contact your MPP:

Toronto, ON, M5B 1X9

THANK
YOU
FOR PAYING FOR MY
MEDICALLY
UNNECESSARY
PROCEDURE

ABORTION ON DEMAND

is covered by **your** **TAX DOLLARS**

ARE YOU
OK
WITH THAT?

FACT

Ontario taxpayers fund at least
\$30-50 Million
every year for the killing of
children in the womb

FACT

Abortion is an
elective
procedure that is
not medically necessary

FACT

OVER
96% of abortions
convenience
as a back-up
birth control method

The Ontario Government's twisted health care investment priorities:

OPTION A: \$30-\$50M COULD:

- Hire 200+ doctors to help fix shortage
- Hire 400 nurses to reduce hospital wait times
- Treat 500 additional autistic kids each year
- Buy 20 new MRI machines every year
- Make palliative care more accessible

REJECTED

OPTION B: \$30-\$50M COULD:

- Subsidize elective
abortions which
kill babies in the womb
